

Volunteering with WomenVenture

POWER BI DASHBOARD VOLUNTEER

Use your Power BI and data reporting skills to help WomenVenture create useful dashboards and reports that give us important real-time information about our impact on our clients and business operations. This volunteer opportunity is virtual.

Microsoft Power BI is an interactive data visualization software product developed by Microsoft with a primary focus on business intelligence.

Create a Power BI Dashboard using data from our CRM to display our current impact numbers including:

- Number of clients served
- Number of businesses served
- Number of training hours provided
- Amount in loans disbursed
- Number of consulting hours provided

Train the WomenVenture staff on how best to utilize and customize the dashboard

Expectation/Requirement:

- Complete a virtual introduction with the WomenVenture team to review the project
- Access to a computer and internet service

Preferred Skills and Experience:

- Proficiency in Power BI and Office 365
- Proficiency in Microsoft Dynamics 365 CRM systems
- High attention to detail and accuracy

What You Gain:

- Experience with Microsoft CRM platform, Power BI, and data reporting
- Recognition at WomenVenture events and in our annual impact report
- Resume-building opportunities

Time Commitment: 5-10 hours, hours are flexible
